COMPLIANCE – TO THE READER

SUGGESTIONS ON HOW TO USE THIS TEXTBOOK AS AN IMMEDIATE TRAINING SOURCE AND LONG-TERM REFERENCE SOURCE

Introduction: The objective of this textbook is assist fleet–shop–parts–fuel managers minimize costs, risks and liabilities caused by being out-of-compliance. There are no fleets, shops and work crews operating in North American which are in 100% compliance with 100% of compliance controlling authorities' laws, rules and regulations. If the fleet–shop–parts–fuel department is out-of-compliance, then the organization is unnecessarily exposed to shutdowns fines, lawsuits and criminal penalties. Compare the department's current compliance practices to the world-class practices discussed in this textbook. Implement required changes and earn \$100,000 annually with 90% decisionmaking control and achieve Vice President and Director status.

Remarks:
